# The WESTMINSTER NURSERY

J. E. STONER, Proprietor

WESTMINSTER, MARYLAND

## Planter's Special Price List---For Spring of 1927

### To our mail order trade:

We have a few facts to tell you, backed up by our millions of choice, healthy, vigorous, well grown and graded Peach, Apple, Pear, Cherry and Plum trees, also Berry plants, California Privets, Barberry Thunbergi, Evergreen Shrubbery, and Asparagus plants, etc.

Our stock has made a fine growth. You can't get better anywhere at any price.

The best is the cheapest, is the verdict of old, experienced orchardists—profit by facts established by others. We ship direct. We are the lowest priced Nursery on earth for sterling quality. We attach Entomologists certificates to all shipments.

Nothing you can grow will give you the permanent income that comes from an orchard.

Place your orders now. Make sure of your trees. Name kinds, grade and number wanted. We will reserve the trees until you want them shipped.

**Special Discount**—We will allow a special discount of 10 per cent on all cash orders received on or before Oct. 1st; after that date 3 per cent discount for Fall shipment. 10 per cent discount before March 15th; after that date 3 per cent discount for Spring shipment.

**Boxing and Packing Free**—We box and pack all orders without charge. All orders are put up in boxes or bales which are lined with heavy paper to guard against stock drying out. The trees and plants are packed in moist excelsior and straw. This is expensive, but good packing pays—pays customers, pays us. We guarantee the arrival of stock in good condition.

**Freight and Express Rates**—Do not be influenced by the story of the agent who says that the freight or express on your order will bring our price up as high as his. If you will consult your railroad agent you will find that the freight rates from Westminster to points east of the Mississippi range from 20 to 40 cents per 100 pounds. First class trees will average about one pound each. Therefore, at the highest rate, 40 cents for 100 pounds, it means that you pay less than one-half cent per tree for freight. Nursery stock is carried by all express companies at a discount of 20 per cent less than merchandise rates.

Misrepresentation of the cost of getting stock from us by freight or express is sometimes made by others. Remember, if you bought your stock delivered, or freight prepaid, the freight would be included in the purchase price. The cash discounts which we allow will, in many cases, more than cover your freight or express charges.

**Grading**—We guarantee every tree to be up to the grade specified, or better. Many times trees are sold by height only. This, we believe, to be very misleading as we have seen trees which belonged to the second or third grade (if graded by size and calibre) sold for first grade, as they had the required height. We grade and sell our trees both by height and calibre, and believe this to be the only way that gives entire satisfaction to the planter.

**Location**—Westminster is located twenty-eight miles northwest of Baltimore, on the main line of the Western Maryland R. R., running from Baltimore to Pittsburgh, which gives us good shipping facilities.

**Our Soil** is a deep limestone and rolling, and our nursery grounds lay high, which is just the kind to grow plenty of fibrous roots and form a good stem that will support a tree when it is transplanted into the soil.

**ALL PRICES NAMED IN THIS PRICE LIST SUPERCEDE ALL FORMER QUOTATIONS AND ARE SUBJECT TO CHANGE.**

This shows part of the Home Grounds of J. E. Stoner's residence. You can at a very nominal cost beautify your home with Evergreens, Cal. Privets, Boxwood, Etc.

**Special Prices on Large Orders.** Special quotations on large orders will be given on application. When writing, tell us what varieties are wanted, the approximate number of trees of each variety, and the size.

Can't you arrange to visit our nursery and see how we grow our Stock?

**NOTE:—1 TO 4 TREES OR PLANTS OF A KIND ARE SOLD AT "EACH" RATES; 5 TO 29 ARE SOLD AT THE "10" RATES; 30 TO 299 ARE SOLD AT THE "100" RATE; 300 ARE SOLD AT THE "500" AND "1000" RATES.**

All stock nicely packed F. O. B. cars here, in good boxes or bales at prices named in price list.

**TERMS:—**Orders from parties without rating, billed cash before shipment or one-quarter cash with order, balance when stock is shipped. If all cash with order you get the discount. No discount unless all cash with order. This price list is our salesman, and opens the way for every planter to secure our sterling quality trees at the lowest possible prices.

## HOW TO CARE FOR TREES WHEN RECEIVED

If Frozen when Received bury the package unopened in well drained ground or place it in a cool cellar, so that it will thaw out slowly and gradually without being exposed to the air.

If they should appear Dry or Shriveled When Received, through delay in transit, or from any cause, take them from the package and plunge into a tub of water or bury the roots in the ground in an inclined position, so as to cover one-half or more of the tops with earth, and then thoroughly soak with water, and then let remain for twenty-four hours or more, until they regain their fresh, plump appearance, when they may be planted.

**Our Guarantee**—While we exercise the greatest care to have every tree and plant true to name and are ready, on proper proof, to replace anything sent by us that proves untrue to label, free of charge, it is understood and agreed between purchaser and ourselves that we are not to be held liable for any greater sum than that paid us for said trees that may prove untrue.

**Time of Shipment**—To the Fall trade, we will commence to ship trees as soon as the leaves are off and the wood ripe, and plants about the 1st of October and continue as long as the weather is mild. For the Spring trade, in most seasons, we can fill orders as early as February for the South, as late as May for the Northern customers. Always name date when you want stock shipped, but have it reach you before you need it. We endeavor to handle your stock in the best manner, pack it up nicely and give you good count.

**When Best to Order**—Order now, do not wait until you are ready to plant. Your order will not be shipped until the proper time.

**How Best to Remit**—Remit by Bank Draft, Express Money Order, or Post Office Money Order on Westminster Post Office, Registered Letter, or stamps for the fractional part of a dollar. Payments invariably in advance.

**Prices named in this list** supercede all former quotations and are subject to change without notice.

**Claims for Deduction** should be made within five days from receipt of goods.

This special price list is our agent and the kinds and varieties of stock named herein are comprised largely of the stock we grow.
